Champagne

Grower Champagne is, by many metrics, the single most important movement in wine today; after a generation of corporate brands dominating the marketplace, this is a return to an essential philosophy of wines focused on expressing very specific time and place. The best argument in favor of these 'farmer fizz' bottles? Deploy them at the table with food, where they don't require a special occasion to shine as the highlight part of any meal.

Loire Valley White

Whether it is mineral-rich Muscadet paired with oysters, or brilliant Sauvignon from Sancerre matched with goat cheese, the Loire sets the standard for pairing a classic white wine with an amazing meal. Much of this region is still desperately underrepresented in the US, but we are thrilled to see current trends turning towards these kinds of artisanal, natural, and often breathtaking tastes. This is nervy stuff; a beverage intended to stop a drinker in their tracks with haunting precision. Sometimes, it feels as though vignerons in the Loire have managed to bottle pure electricity.

Burgundy White

It's difficult to argue that any other white wine grape is as influential or as pervasive as Chardonnay. Here, in the appellations of its ancestral home, Chardonnay takes a decidedly elegant form. Whether laser-like Chablis or heady Meursault, these offerings provide a sense of white wine's true purpose; to excite with a purely delicious, integrated style. Wine aficionados often ponder out loud the qualities which elevate these wines to regal status. The beauty of these wines is trenchant and seemingly strikes deeper than other white wines possibly can.

As sommeliers, so many of our favorite memories are centered on introducing others for the first time to those experiences we have already discovered for ourselves. France has so much to offer beyond the old vanguard of 'important' varieties. There is lush, complex Riesling and Pinot Gris from Alsace. Vibrant and intriguing tastes from the Alpine east. Big, unabashed styles from the south with its decidedly Mediterranean climate... all ripe for the taking. We deem these wines equally 'important,' and absolutely capable of becoming the cornerstone of a memorable evening.

American White

Gone are the days of a clear distinction between hedonistic fruit-and-oak dominated 'New World' white wines and their 'classier' Old World counterparts. Today, there exists only demarcation between New and Old World 'styles,' both of which have their own magic to offer those of us with different palates or simply different moods. We are thankful for this blurring of the lines, as many of the brightest, most nuanced, and beautiful whites in the world are now produced in the Western hemisphere by farmers and winemakers with a singular focus: deliciousness.

The surging popularity of pink wines is a trend we have been more than pleased to witness develop. There are some very serious wines worth lingering over, and of course, plenty of delicious ones to quaff in large quantities when it's hot. These are rosés we can get behind! Allow us to share one of these inimitable bottles with you.

Burgundy

The fineness of the red wines from this lauded region is undisputed. When a lover of wine is willing to be confounded, pleased, mesmerized, and sated all by one glass, they turn to Burgundy. Here is the junction of purity and class; this is truly the ethereal side of the red wine spectrum. There is simply something indescribable about the tension between honesty and regality that a great producer can create within these unique terroirs. Too much has been said about the heartbreaking beauty of these elegant wines. Allow them to tell their own story.

Beaujolais

In a Sommelier's mind, no other region in the world so idyllically represents all that is pure and good about wine; a hotbed for vignerons focused on ethical farming and winemaking practices that are regenerative to the planet, a culture of food and drink that focuses on clarity of ingredients and the community of joining your family and neighbors around the table… oh! And the wines! Intended for immediate, obvious pleasure in their youth and developing into serious and complex experiences as they mature. No other red wine can dance quite like this.

Until recently, the red wines from this beautiful part of France have remained a bit of an insiders' secret – one we are now happy to let you in on.

Northern Rhône

If you've never visited the impossibly steep, blustery hillsides of the northern Rhône Valley where Syrah is king, suffice it to say that these wines live in the extremes. The Rhône is a source for some of the most memorable wines in all of France, and the brooding balance of robust fruit and savory spice that these wines offer is borderline addictive. Ask the sommelier what to pair with a perfectly aged cut of beef, and you will likely find one of these bottles at your table.

Southern Rhône

The sprawling vineyards of the southern Rhône are the backdrop for something truly unique in the wine world. This ancient region has a long tradition of winegrowing, representing a broad spectrum between impeccable values and unrivaled top-flight Châteaux fetching top dollar. Try as they might, winemakers in other regions lose sleep at night wondering how the grenache grown on these sandy and stony soils can be so expressive and so sensuous that they can captivate amateur and expert palates alike. Countless wine lovers profess their adoration for these wines, others may simply have yet to be introduced.

American Reds

America is a nation of immigrants. For generations, wave after wave of foreign cultures arriving on our shores influenced our nascent wine traditions. In correspondent fashion, the US wine trade is a melting pot of grape varieties, climates, and winemaking approaches in the cellars, making it hard to categorize what exactly it is we do. Vital to our identity, however, is that we are also a nation of pioneers, always seeking to improve, innovate, and grow. The industry is booming, with exciting new producers and a reinvigoration of classic 'old-school' estates, some founded more than a century ago.

Italian Reds

Wine isn't merely a central part of Italian culture - it is a maddening obsession. Italian wines can manifest themselves in more varied styles than those from any other nation; erudite Barbaresco contrasts rustic Chianti, which shares little personality with opulent Amarone. No matter the origin or composition, an Italian wine aficionado will passionately profess the superior qualities of these wines. To be certain, the most classic representations share one important characteristic: they nourish the spirit.

Spanish Reds

In a beautiful country positioned at the intersection of tradition and innovation, Spanish winemakers craft some of the most exhilarating red wines found anywhere. The classics are often rustic and rich, but there is an emergent vanguard of producers seeking wines more reminiscent of aristocratic grace or simply tapa-friendly 'gluggability.' Whichever style you prefer, this icon of the gustatory world has never been more ready to make a lasting impression.
